In association with **Happy Liliput, Boston** and **Nakhra Magazine, New York**

CRAFTING THE NEW ERA OF *Styling*

A BOOMING CAREER THAT **SHAPES TRENDS, PERSONALITIES & VISUAL STORIES**

FASHION STYLING OVER FASHION DESIGNING

Fashion is more than creating clothes , it is about creating impact. While fashion designing focuses on design and garments, fashion styling transforms fashion into expression, identity, and influence.

Today's fashion world is driven by stylists who shape celebrity looks, brand campaigns, magazine editorials, runway presentations, and social media trends. The styling industry is rapidly gaining momentum and recognition.

While most institutes require a minimum of 1 year to complete a similar programme, **CISS** covers the important aspects in just **60 intensive classes over 3 months,** making students industry ready thereby, saving valuable time and cost while gaining professional-level expertise, we believe practical experience scores heavily over classroom culture.

CISS is an innovative styling institute offering thoughtfully designed courses to prepare students for success in a fast-growing industry.

Our programs focus on building practical skills and confidence through hands-on training, strong theoretical foundations, and guidance from renowned industry professionals.

With international associations and domestic tie-ups with **Bombay Times Fashion Week** as **Styling Partner**, CISS provides curated short-term courses designed to help you launch a career in the world of styling.
